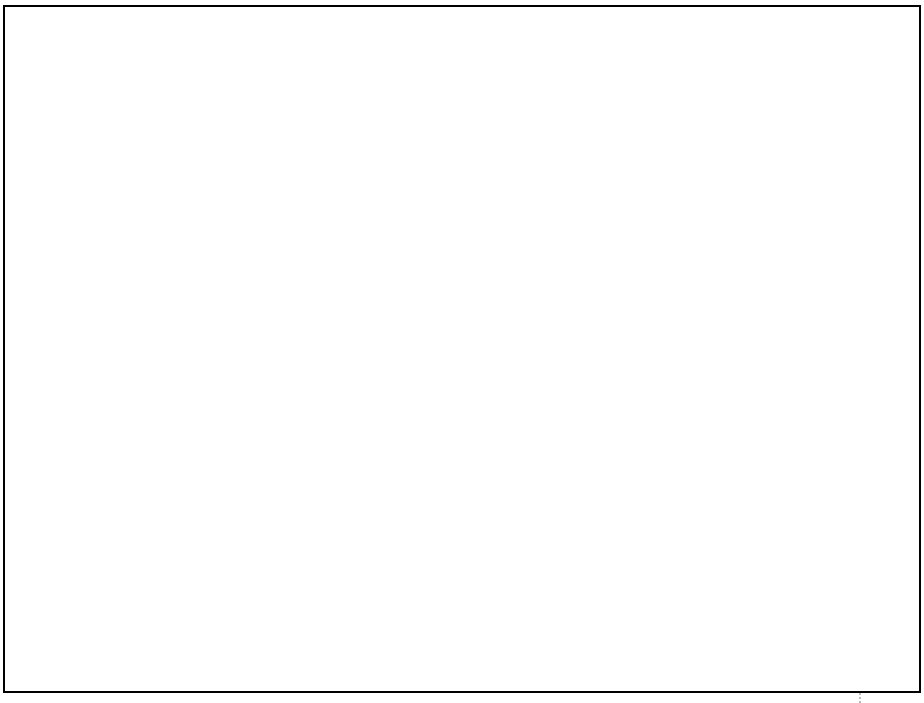
Has Trump been mind controlled?

...

Who controls the mind controllers?



..

There is a belief that both the 'left' and the 'right' are controlled by certain clever Jewish folks, and, that the script for the 2016 presidential election has been written by certain clever Jewish folks.

Samuel Jared Taylor is said to have created the '**alt-right**', the people who support Donald Trump.

Taylor was born to Christian missionary parents in Japan.

He graduated from Yale University, where he may or may not have been recruited by the CIA or by Mossad.

Taylor's wife, Evelyn Rich, is said to be Jewish.

After Yale, Taylor spent time in Ghana, "a hotbed of Mossad operations."

Michael Collins Piper points out that Taylor is close friends with Rabbi Meyer Schiller, an ADL asset, and with Irwin Suall, a former ADL Director.

The Anti-Defamation League is a Jewish organisation.

Taylor describes himself as a being "racialist".

Netanyahu believes that the Jews should have their own territory.

Taylor is not anti-semitic and agrees with Netanyahu.

Taylor believes that Whites should have their own territory.

Taylor has said that "people in general, if left to themselves, will generally sort themselves out by race," and has said that churches, schools, and neighborhoods are examples of this.

Taylor thinks that Whites are clever but forgets that White working-class boys are often the worst performing ethnic group.

Taylor would not want one of his children to marry Oprah Winfrey, Tiger Woods or Michael Jackson.

Michael Collins Piper has explained that the **alt-right** is a tool of the Zionists.

"As the Zionist Internationale - using the United States military as its imperial mechanism- faces increasing opposition from the American people, who are hesitant to commit more of their young people to foreign wars on behalf of Israel, **it is critical to the Zionist cause to generate more anger among Americans toward the Muslim world.**

"In the wake of this, the Zionist movement has energized its efforts to further infiltrate and manipulate the American nationalist movement."

NYU professor Mark Crispin Miller, a leading expert on election fraud, has a post entitled:

Exit polls suggest that Trump's big 'victory' was stolen

"The **5% discrepancy between the exit polls and 'results'** in the key swing states of North Carolina, Pennsylvania, and Wisconsin are smoking-gun proof.

Exit polls virtually never diverge from results by more than one percent unless either the polls or the 'results' have been rigged.

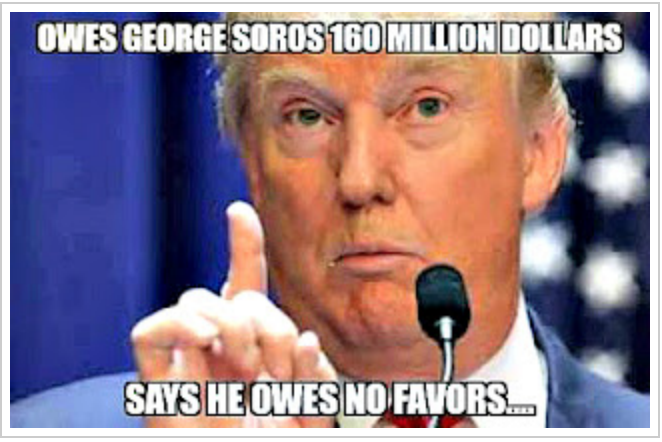
Watch on

According to Barrett, the plan to put Trump into power can be traced back several years.

"Some folks think The Simpsons have been in on it for sixteen years!"



"Polls have shown that the average income of Trump's voters is above that of Hillary Clinton's supporters."

Donald Trump's victory - political reckoning

(See below for Trump's close links to Soros, JP Morgan and Goldman Sachs.)

The Trump campaign appears to have rigged the election.

We are NOT fans of Hillary Clinton, but we think that rigged elections should be exposed.

In 2016, Trump got fewer votes than **Romney** got in 2012.

In 2016, Trump got fewer votes than **Hillary** got.

In 2016, the **turnout** was high, but a lot of **Clinton votes seem to have disappeared**.

(See details below)

Anti-Trump supporters.

It looks as if the Likud-Netanyahu-Cheney mob decided to get Trump into power, as Trump is the most pro-Zionist candidate.

In order for Trump to win, Clinton votes had to disappear in certain key counties in the swing states.

The **alt-right** are the people like Alex Jones and Breitbart who support Trump.

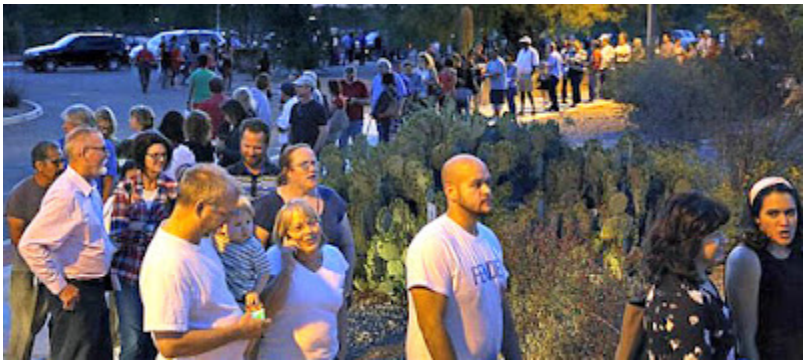
Michael Collins Piper has explained that the alt-right is a tool of the Zionists.

Jared Taylor's "Zionist-Friendly Nationalism".

Hillary Clinton has become an enemy of Netanyahu.

Dolly Kyle in her 2016 book, *Hillary The Other Woman*, wrote that Hillary Clinton often used phrases such as 'Stupid Kike', and 'Fucking Jew Bastard.'

Hillary knows that she is powerless against the Deep State Zionists; she knows what happened to John F Kennedy.



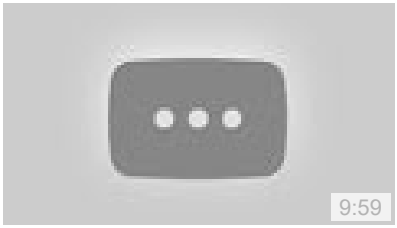
Voters in Arizona, November 2016.

In the November 2016 election, voter turnout was up 4.7% around the country - USA Today

Turnout for the US election was expected to smash records as huge queues built up.

Yet, Donald Trump won one million fewer votes than Mitt Romney in 2012.

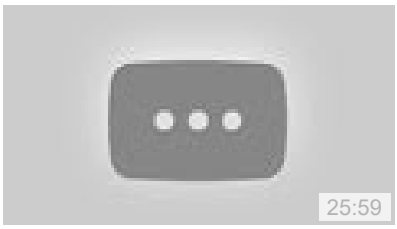
And many of Clinton's votes seem to disappear.



Hillary Actually Won - Professor Mark Crispin Miller Reveals

Professor Mark Crispin Miller, who dislikes Hillary Clinton, says the 2016 election was stolen from the Democrats in a similar fashion to what happened in 2000 and 2004.

Proof The Election Was Rigged Against Democrats



BREAKING: Election Experts Explain How The Election Was Stolen!

1.1 million people, mainly minorities, were removed from the voting rolls in swing states using a system called 'Cross Check.'

Ballot protection software on the new Ohio voting machines was TURNED OFF.

The Democrats?

Barack Obama's 52% approval rating makes him more popular than Ronald Reagan at the end of his second term.

How it happened - *The Economist*

On the eve of America's presidential election, national surveys gave Hillary Clinton a lead of around four percentage points, which betting markets and statistical models translated into a probability of victory ranging from 70% to 99%.

The polls suggested that Clinton would have easy wins in Michigan, Pennsylvania and Wisconsin.

Protests against Trump

Trump?

Donald Trump won one million fewer votes than Mitt Romney in 2012.

Exit polls suggest 61% of voters considered Trump unqualified to be president and only 34% said he had the right personality and temperament.

How did the polls get it wrong? | The Economist

Remember Gore and Florida?

The history of 'rigged' US elections: from Bush v Gore to Trump.

The anti-Clinton stories are mainly untrue.

No, a Florida whistleblower did not uncover 'massive voter fraud' (and other election hoaxes you might be seeing online)

Donald Trump's campaign paid at least $1.8 million to **Nathan Sproul** whose companies include several that have been repeatedly investigated for voter fraud.

In a 2012 Florida case, three employees of Sproul's firm pleaded guilty to forging voter registrations.

"In California, Oregon, Nevada and Florida, Nathan Sproul's workers were investigated on suspicion of forging signatures, destroying Democratic voter registrations or changing the addresses of legitimately registered voters without their consent, according to former employees, state investigations and news reports."

Trump, GOP paying consultant dogged by voter fraud charges

Donald J. Trump
@realDonaldTrump

Of course there is large scale voter fraud happening on and before election day. Why do Republican leaders deny what is going on? So naive!

In **Pensylvania**, the vote was close and easy to rig.

The 2016 election returns in Pennsylvania:

Donald Trump: 2,894,757
Hillary Clinton: 2,822,963

In **Pennsylvania**, "voters chose Trump while electing three statewide Democrats," said PennLive.

Only 112000 Voters Gave Us President Trump

..

2016 election results

Clinton: **63,591,028 votes**

Trump: **61,914,058** votes

Other candidates 5,892,512 votes

Total all candidates: 132,958,051 votes

2008 election results

Obama: 69,498,516 votes. McCain: 59,948,323 votes.

Other candidates 1,400,000

Voter turnout was 131 million Americans.

Donald Trump is the most obvious jew I've ever seen. He talks about money non-stop. He's money-grubbing like a New York Jew. He's extremely materialistic. He's loud, obnoxious, and childish like a typical jew. He's vulgar and his behavior with women is well-known. He isn't like any white European Christian I've ever met.

He doesn't pay back banks. He doesn't pay small businesses and vendors in so many cases. A ton of his lawyers, accountants, and advisors in the past have been jews. Trump's father was a Zionist and looks like the stereotype of a jew in his pictures. A lot of jews hid their identity when they came to America.

Any white separatist that believes in Trump should read this article. It shows that he's clearly not on their side but rather on the side of the Zionists. Trump is the typical awkward, inbred, narcissistic jew.

Alex Jones, the self-proclaimed 'leader' of the 'truth' movement and alternative media is barely discernible from the MSM. He is actually taking the US election (distraction) campaign seriously and if that's not bad enough, he's supporting Donald Drumph! A misogynistic

megalomaniac billionaire who has promised to be the most militaristic President ever, if elected.

He plans to boost military spending to "stop the maniacs in the Middle East who want to destroy us." As a guest on the Alex Jones show, Trump boasted about warning of Osama bin Laden years before 9-11 happened and that Muslims were seen "celebrating." Jones concurred!

They were referring to old library footage of Palestinians, which was broadcast for effect. They don't seem to know about the four dancing Israeli's working for Mossad, apprehended whilst filming the incident, who were released and repatriated to Israel. Or, they chose to ignore that.

Alex Jones, the man with the bullhorn who used to shout down the CFR and told us all about False Flags has not figured out that 9-11 was orchestrated by dual US/Israeli citizens as the pretext for the 'war on terror' which began in the immediate aftermath and still continues today.

Muslims will never consent to the rebuilding of the Third Temple on al-Haram ash-Sharif, for the reintroduction of Jewish sacrificial rites. Therefore, the only way to remove the al Aqsa mosque, is to destroy Islam first. That and Eretz Yisrael, is the motive for the Middle East war.

Jones is a crap "conspiracy theorist" if he is not aware that all political parties in the US are Zionist owned and the Donald is a dictator in waiting. He vows to restore "law and order" - after it has been allowed, even encouraged, to get out of control. Be careful what you vote for...

You sick, stupid, pathetic baseless haters. If any of you CLAIM to believe in G-d you must accept He is the G-d of Israel. He chose the Jews to be his priests and the ones to disseminate his Torah to the world. That many Jewish people have become corrupt like the majority of this world just means they are human. Why do you think less than 1% of the World's population is Jewish and yet Jews are at the forefront in medicine, science, the arts, etc??? WHY?! BECAUSE G-D chose them! Some think it's because they're all that, but they are ONLY all that because G-d chose them, but why did he choose them?! Because he

offered the Torah to all the other nations and none of them wanted it whereas the Jews said, "We Will Do and We Will Listen." When you hate the Jews as a whole instead of just evil ones like Schiff and Schumer and Nadler, and Soros who are no different than Pelosi and Newsom and Cuomo and Gates, you are in essence hating G-d! I am using G-d in this form because god is too common and shows no additional respect. G-d is unique as is Our Creator, the G-d of Israel!
